

## OPUS-TE

Here by popular demand is the new OPUS-TE, the latest addition to our Opus line of products, it has Warm, Smooth & Clean vintage sounds. The sound that this pickup will give you can only be accomplished applying real vintage style manufacturing techniques and if that's not enough the neck and bridge coils are Hand-Wound in opposite directions so when used together humbancelling is activated.

The OPUS-TE features wax potted coils and it's built with American made Plain Enamel copper wire, staggered Alnico 5 pole piece magnets, fiber bobbins and vintage style cloth covered wire.

Position	D.C.Resistance	Resonant Peak	Spacing	Output Level	Tone Chart:
NECK:	7.9 kohm	6.1 kHz	50 mm	MID	
BRIDGE:	9.2 kohm	5.8 kHz	54.5 mm	MID-HIGH
